Legislation

Application of the Land Title Act 1994 to the Water Act 2000

Under the provisions of the Water Act, an interest or dealing may be registered in a way mentioned in the Land Title Act, subject to some exceptions.

A relevant interest or dealing may be registered in a way mentioned in the Land Title Act:

(a) as if a reference to the freehold land register is a reference to the water allocations register; and

(b) as if a reference to freehold land or land is a reference to a water allocation; and

(c) as if a reference to a lot is a reference to a water allocation; and

(d) with any other necessary changes.

Refer to [0-8100] and [0-8200] and [0-8300].
Practice

Where a consent or approval is required pursuant to the *Land Title Act 1994* or another Act it must be given on a Form 18 – General Consent except where the form has appropriate provision or another practice is permitted.

A Form 18 – General Consent cannot be lodged on its own. It must be attached to, form part of and be deposited with the instrument or document that is being consented to.

The Registrar does not enforce the contractual arrangements of individuals, therefore if a dealing creating an interest is registered without obtaining the necessary consent required by the contract, the parties are at the risk of the interest being defeated by the party who is entitled to the consent.

All registered owners/lessees must consent to a survey plan, by way of a duly executed Form 18A – Registered Owners/Lessees Consent to Survey Plan (Form 18A) (see [18-2000]).

Where an approval to a plan of subdivision is required to be given by a planning body, a Form 18B – Planning Body Approval of Survey Plan (Form 18B) is the appropriate form (see [18-2010] to [18-2050]).

A Form 18A or Form 18B cannot be lodged on its own. It must be attached to, form part of and be deposited with a survey plan.

Where a planning body community management statement notation is required for a community management statement, a Form 18C – Planning Body Community Management Statement Notation is the appropriate form (see [14-0120], [14-2600], [45-2200] and [45-2220]).

Where a planning body community management statement notation is required for a community management statement, a Form 18C – Planning Body Community Management Statement Notation is the appropriate form (see [14-0120], [14-2600], [45-2200] and [45-2220]).

A Form 18C cannot be lodged on its own. It must be attached to, form part of and be deposited with a Form 14 – Request to record a community management statement (along with the community management statement).
