²Part 23 – Priority Notice, Extension of Priority Notice and Withdrawal of Priority Notice

General Law

[23-0000]

Part 7A of the *Land Title Act 1994* creates a procedure for deposit in the registry of a priority notice. A priority notice seeks to reserve the priority of instruments that are to be lodged that affect a lot or an interest in a lot.

The most common use of a priority notice is to reserve priority for a transfer and/or a mortgage intended to be lodged in relation to a lot over any instruments not specified in the priority notice lodged in relation to the same lot during the currency of the priority notice.

A priority notice, once entered, alerts all interested parties who perform a title search to the fact that lodgement of the instrument(s) listed in the notice is intended.

Legislation

[23-1000]

^{2,3}Application of the *Land Title Act 1994* to the *Water Act 2000*

Under the provisions of the *Water Act*, an interest or dealing may be registered in a way mentioned in the *Land Title Act*, subject to some exceptions.

A relevant interest or dealing may be registered in a way mentioned in the *Land Title Act*:

- (a) as if a reference to the freehold land register is a reference to the water allocations register; and
- (b) as if a reference to freehold land or land is a reference to a water allocation; and
- (c) as if a reference to a lot is a reference to a water allocation; and
- (d) with any other necessary changes.

Reference to the registrar of titles in the *Land Title Act 1994* and reference to the registrar of water allocations in the *Water Act 2000*

Refer to [0-8100] and [0-8300].

Practice

Requirements of Priority Notice

[23-2000]

A priority notice must:

- be prepared using a *Priority Notice Form*;
- state the name of the person who is or will be a party to an instrument that is to be lodged and will affect the lot or an interest in the lot (the *applicant*);
- be signed by or for the *applicant*; and

- sufficiently describe:
 - the lot(s)/water allocation(s) affected by the instrument which the **applicant** is or will be a party to; and
 - each instrument to be lodged to which the notice relates (the **Transaction Instruments**) including the instrument which the **applicant** is or will be a party to; and
- state the order in which the **Transaction Instruments** are intended to be lodged.

When Priority Notice can be deposited

[23-2010]

A priority notice may only be deposited in the circumstances set out below.

- (1) In relation to freehold land.
- (2) In relation to a water allocation.
- (3) By or for an **applicant** (a person who is or will be a party to an instrument that is to be lodged that will affect the lot(s)/water allocation(s) or an interest in the lot(s)/water allocation(s)).
- (4) For **Transaction Instruments** including the instrument the **applicant** is or will be a party to.

Operation and Effect of Priority Notice

[23-2020]

A priority notice operates from the time of deposit until the earlier of:

- the time when the priority notice lapses which is:
 - the time when all the **Transaction Instruments** specified in the notice have been registered in the order stated in the notice (see *Priority Notice Form Transaction Instruments Panel*); or
 - if an extension request has **not** been deposited: the day that is 60 days after the notice was deposited; or
 - if an extension request (*Extension of Priority Notice Form*) has been deposited: the day that is 90 days after the notice was deposited; or
- the time when the priority notice is:
 - withdrawn by the **applicant** (*Withdrawal of Priority Notice Form*); or
 - removed on order of the Supreme Court; or
 - cancelled by the Registrar.

While current, a priority notice prevents registration of any instruments affecting the lot/water allocation or an interest in the lot/water allocation other than:

- an instrument the lodgement of which the **applicant** has consented to. The consent must be in a *Form 18 – General Consent*, deposited with the instrument;

- an instrument of transfer or release of mortgage executed by a mortgagee whose interest was registered before the notice was deposited;
- an instrument lodged before the priority notice was deposited;
- a **Transaction Instrument** if it is lodged in the order stated in the priority notice (see *Priority Notice Form Transaction Instruments Panel*);
- a caveat;
- another instrument that, if registered, would not affect an interest the subject of the notice; and
- an instrument listed as a **Transaction Instrument** in an earlier priority notice if the earlier priority notice has not lapsed or been withdrawn, removed or cancelled.

Extension of Priority Notice

[23-2025]

The 60 day currency period of a priority notice can be extended by 30 days (to a currency period of 90 days) by depositing an extension request to extend the notice. Only one extension request may be deposited for a priority notice.

An extension request must:

- be prepared using an *Extension of Priority Notice Form*;
- be signed by or for the **applicant** for whom the priority notice was deposited; and
- be deposited while the priority notice is current.

Lodged Instruments that are not **Transaction Instruments**

[23-2030]

If an instrument is lodged ('A') and it is prevented from being registered by the earlier deposit of a priority notice, it will be requisitioned, advising that a priority notice has been deposited.

If the **Transaction Instruments** referred to in the priority notice (see *Priority Notice Form Transaction Instruments Panel*) are subsequently lodged within the currency period, the first instrument (A) will be requisitioned for withdrawal within 14 days. If the first instrument (A) is not withdrawn within that 14 day period, it will be withdrawn by the Registrar (s. 147 of the *Land Title Act 1994*). In a situation where the first instrument (A) would be capable of registration after the **Transaction Instruments** referred to in the priority notice are registered, it will be withdrawn and re-entered to follow them.

The result is that competing instruments are taken to have been lodged after the **Transaction Instruments** detailed in the *Transaction Instruments Panel* whilst the notice is still current.

For example:

- (1) A Priority Notice is deposited on 20 February and details a Transfer between the registered owner (Atkins) and Brown (the Purchaser/**applicant**) as a **Transaction Instrument** in the Priority Notice Form *Transaction Instruments Panel*. It is allocated a dealing number as an administrative advice and recorded in the relevant register.
- (2) A Transfer between the registered owner (Atkins) and Johns (a competing instrument not listed as a **Transaction Instrument** in the *Transaction Instruments Panel* in the priority notice) is lodged on 3 March (i.e. during the 60 day currency period of the

priority notice), allocated the dealing number of XXX099093, yet prevented from being registered by the priority notice.

- (3) The transfer from Atkins to Brown (the **Transaction Instrument** specified in the *Transaction Instruments Panel* in the priority notice) is lodged on 14 April (i.e. during the 60 day currency period of the priority notice) and allocated dealing number XXX768952.

In accordance with Part 7A of the Land Title Act, the transfer from Atkins to Brown (the **Transaction Instrument** specified in the *Transaction Instruments Panel* in the priority notice) must register first and the transfer between Atkins and Johns will be taken to have been lodged immediately after the Transfer from Atkins to Brown (s. 148 of the Land Title Act).

To give effect to section 148(1) of the Land Title Act the Registrar is empowered (under s. 147(1) of the Land Title Act) to withdraw the Transfer from Atkins to Johns.

However, prior to that withdrawal, the Registrar is required to notify the person who lodged the transfer of the intended withdrawal 14 days prior to the action (s. 147(2) of the Land Title Act).

After withdrawal, the withdrawn instrument will be considered so as to determine whether it would be capable of registration after the **Transaction Instruments** detailed in the *Transaction Instruments Panel* in the priority notice have registered. If it is, it will be re-entered to follow them and taken to have been lodged immediately after the lodgement of the **Transaction Instruments** detailed in the *Transaction Instruments Panel* in the priority notice. (s. 148 of the Land Title Act). In the above scenario the transfer from Atkins to Johns cannot be registered and the transfer will be rejected.

Recording Priority Notice

[23-2040]

A priority notice will be entered into the Automated Titles System (ATS) as an administrative advice.

A priority notice notation will appear on a title search from the time of its deposit with a status of 'current' for 60 days (or 90 days if an extension request has been deposited) unless all of the **Transaction Instruments** specified in the notice are lodged or the notice is withdrawn, removed or cancelled. A lapsed priority notice may appear on a title search with a status of 'current' for up to a month following its lapsing until it is automatically removed from the title. This assists registry staff administering provisions of Part 7A of the Land Title Act.

Withdrawing Priority Notice

[23-2050]

A priority notice may be withdrawn by depositing a request to withdraw the notice.

The request must:

- be prepared using a *Withdrawal of Priority Notice Form* (the approved form); and
- be signed by or for the **applicant** for whom the priority notice was deposited.

Removing Priority Notice

[23-2060]

If the Supreme Court makes an order to remove a priority notice under s. 144 of the *Land Title Act 1994*, that order must be lodged in the registry with a *Form 14 – General Request* that the priority notice be removed. This Form 14 will attract normal lodgement fees. The **applicant** does not have to be notified of this order or of an application made to the Supreme Court for the order.

Cancelling Priority Notice

[23-2070]

The Registrar may cancel a priority notice if a *Form 14 – General Request* to cancel the notice is deposited outlining the basis for cancellation and the Registrar is satisfied that it is unlikely the **Transaction Instruments** listed in the *Transaction Instruments Panel* in the notice will be lodged before the notice lapses (s. 145 of the *Land Title Act 1994*). The *Form 14 – General Request* must be accompanied by a *Form 20 – Declaration* supporting the cancellation of the priority notice and any relevant documentary evidence. For information about depositing supporting documentation see ¶[60-1030]. Normal lodgement fees apply.

Before cancelling a priority notice under s. 145 of the Land Title Act, the Registrar must give written notice to the **applicant** of the Registrar’s intention to cancel the priority notice at least seven days prior to cancelling the priority notice.

Notice of the Registrar’s intention to cancel a priority notice required to be given under s. 145 of the *Land Title Act 1994* will be properly served if left at or sent to the address stated in the *Lodger Details Panel* for the person who deposited the notice (the lodger).

Minor Corrections

[23-2080]

The Registrar may make a minor correction to a priority notice if a written request is received and the Registrar is satisfied that the correction is minor (s. 149 *Land Title Act 1994*).

The written request must be:

- in the form of a letter or e-mail addressed to the Registrar; and
- must be sent by or on behalf of the **applicant** for whom the priority notice was deposited.

Minor corrections would include incorrect spelling of names. However, changes of names, details of **Transaction Instruments** and lots/water allocations are not considered minor corrections. For example a minor correction might be the incorrect spelling of ‘Jon’ rather than ‘John’ but would not include the name ‘James’ rather than ‘John’.

eConveyancing

[23-7000]

Electronic Conveyancing and Electronic Conveyancing Document

[23-7010]

Electronic Conveyancing (or eConveyancing) is the term used to refer to the electronic preparation, lodgement, processing and registration of instruments and other documents (Electronic Conveyancing Documents) for the purposes of the *Land Title Act 1994*, *Land Act 1994* and other titling legislation. It is an alternative to the traditional ‘paper based’ conveyancing system which involves the manual completion, execution and lodgement of paper forms either at a Titles Registry lodgement office, by post or through eLodgement.

An Electronic Conveyancing Document is a document under the Electronic Conveyancing National Law (Queensland) (the ECNL) that is lodged electronically through an Electronic Lodgment Network (see s. 14B of the *Land Title Act 1994* and s. 7 of the ECNL).

For more information, refer to Part 62 – eConveyancing.

The terms Electronic Conveyancing and eConveyancing are used interchangeably in this Part and throughout the Land Title Practice Manual.

Scope Restrictions

[23-7100]

Refer to the [Titles Queensland website](#) for the list of transactions currently available through eConveyancing.

Electronic Conveyancing Mandate

[23-7105]

The eConveyancing mandate commenced on 20 February 2023 and applies to all industry professionals who are eligible to become subscribers of an Electronic Lodgment Network Operator (ELNO); as well as to Corporate Entities who are lodging a required instrument.

The mandate, introduced by the *Land Title Regulation 2022* provides that certain types of Titles instruments, known as required instruments, must be lodged through an Electronic Lodgment Network (ELN). For more information, refer to Part [62-6000] – eConveyancing Mandate.

The Priority Notice, Extension of Priority Notice and Withdrawal of Priority Notice Forms are required instruments under the Regulation and are therefore required to be lodged through a ELN unless an exemption applies.

Because the Electronic Lodgment Network Operators (ELNOs) regularly update their functionality in conjunction with Titles Queensland, and the Queensland Revenue Office (QRO), a current list of required instruments and their inclusions and exemptions is maintained on the [Titles Queensland website](#) rather than in the Land Title Practice Manual to ensure the information is as current and accurate as possible.

ELN Subscribers should therefore refer to the [Titles Queensland website](#) for the list of required instruments to be lodged through eConveyancing as well as any exemptions that may apply. Specifically, ELN Subscribers should confirm that the instrument is not exempt and is included in the mandate before attempting to lodge the instrument by way of eConveyancing.

Exemptions to Required Instruments

[23-7110]

There are two categories of exemptions that may apply to required instruments, these are general exemptions, and instrument specific exemptions.

The general exemptions to the mandate are those which are contained in the Regulation and apply to all instruments required to be lodged through eConveyancing. These general exclusions can be found in Part [62-6022] of the Manual and on the [Titles Queensland website](#).

Instrument specific exemptions are those exclusions which apply only to a specific instrument (for example a Priority Notice, Extension of Priority Notice or Withdrawal of Priority Notice) and a list of these exclusions can be found on the [Titles Queensland website](#) and are updated from time to time as the functionality of each instrument changes.

When an Exemption Applies

[23-7115]

In circumstances where an exemption applies, an Exemption Request Form (ERF) should be completed. For Further information refer to Part [62-6040].

Prescribed Requirements

[23-7200]

Under the Participation Rules (Queensland) a Prescribed Requirement is a published requirement of the Registrar that Subscribers to an Electronic Lodgment Network are required to comply with.
